

RSK NetShirt

Online Garment Designer and E-Commerce Solution

Did you know that even through the recession e-commerce has continued growing at double digit rates? Don't miss out!

Set up your own online store with RSK NetShirt – the industry leading online custom design tool for personalised garments, promotional articles and giftware.

- For as little as £49 per month you can have your own garment designer making money for you day and night, 7 days a week, 365 days a year!
- RSK NetShirt is an online design tool and e-commerce solution that allows your customers to select a garment from your catalogue, place their own design on it and pay for their order online by credit card or PayPal, etc.
- RSK NetShirt incorporates Pulse StitchPort 2.0 embroidery technology allowing full 3D rendering of embroidery fonts and designs – with RSK NetShirt what you see is what you get!

- Powerful built-in Auto-digitiser converts bitmap images to embroidery files and works out accurate stitch count for fast and reliable cost calculation
- All you have to do when you come into the office in the morning is check your orders, download the production files and start producing
- No more scrapped orders, no more lengthy phone calls trying to decipher your customers' wishes
- RSK NetShirt does it all for you, freeing up more of your time to spend on producing more orders for more satisfied customers
- RSK NetShirt can either be installed directly on your existing website or delivered complete with its own website
- Powerful and sophisticated pricing module allows you to implement your existing price list
- Fully customisable and adaptable to multiple shopping cart systems and payment gateways
- In-Store kiosk functionality / Multi-Shop capability to drive up production levels and equipment utilisation
- Mixed-mode print and embroidery design on the one garment
